**Subject:** Regarding the AT&T Retiree Town Hall Broadcast

## Regarding the AT&T Retiree Town Hall Broadcast

**Dear Friend,**

Thank you for being a part of the AT&T Retiree Town Hall Broadcast on March 22.

**We apologize for the audio and video difficulties during the town hall event.** In an attempt to accommodate as many AT&T retirees as possible, we expanded the town hall to 9 locations across the state. Unfortunately, the webcast platform did not function properly and for that **we are truly sorry**. We are exploring different formats to engage retirees in the future, including live, in-person meetings across the state.

During the meeting, we discussed the direction that our company is taking this year, which includes efforts to modernize our network. We hope that retirees will continue to play an active role in shaping the future of our company. To view the presentation slides please click [here](#).

Many of you had questions for our HR team. We are currently in the process of compiling those questions, and our HR team will be responding to each question with each individual directly.

**Despite the technical difficulties, we hope you enjoyed catching up with fellow retirees** and learning more about the future of our company from our External Affairs team.

Again, we apologize for the town hall not going as smoothly as we envisioned. If you have further questions, please email us [here](#). If you were unable to attend, and would like to receive future updates, please click [here](#). Thank you.

Sincerely,

**Ken McNeely**  
President  
AT&T California
